B.Com. (Computer Applications) Syllabus AFFILIATED COLLEGES Program Code: 2AC

2020 – 2021 onwards

BHARATHIAR UNIVERSITY

(A State University, Accredited with "A" Grade by NAAC, Ranked 13th among Indian Universities by MHRD-NIRF, World Ranking : Times - 801-1000, Shanghai - 901-1000, URAP - 982)

Coimbatore - 641 046, Tamil Nadu, India

	Program Educational Objectives (PEOs)
	om (Computer Applications)program describe accomplishments that graduates are to attain within five to seven years after graduation
PEO1	To Provide students with specific knowledge and skills relevant to their disciplines and careers.
PEO2	To make the students acquainted with technical and practical concepts for understanding the real business problems using different programming languages.
PEO3	To train the students on practical business applications using high level programming languages in real world.
PEO4	To make the students aware about the useful applications of different computer languages that solve real world problems.
PEO5	To enhance the knowledge on visual based programming language and object- oriented language in different business applications using various design principles portraying the concepts of computer applications in business activities.

	Program Specific Outcomes (PSO)				
After the are expe	e successful completion of B.Com (Computer Applications) program, the students cted to				
PSO1	Know and apply the various business management and computer applications concepts to solve the real-world problems.				
PSO2	Acquire the knowledge on object-based computer applications in various business fields.				
PSO3	Solve the business applications related issues of using oracle and object oriented programming languages				
PSO4	Analyze the real e-business problems by using the different applications of procedure-oriented language programs				
PSO5	Enrich the practical knowledge on applications of accounting and programming languages in business ventures.				

	Program Outcomes (POs)					
After the are expect	successful completion of B.Com (Computer Applications) program, the students eted to					
PO1	Develop the accounting, finance, banking, Insurance, marketing as well as the computer application knowledge to the students.					
PO2	Create awareness of the students about Business law, Tax Law and legislations related to business and computer applications					
PO3	Get the training to learn how to develop successful computer programs to solve the business problems for increasing the productivity of the e-business.					
PO4	Obtain the practical application exposure on ms-office and oracle software.					
PO5	Apply object oriented or non-object oriented techniques to solve business computing problems which make students a good programmer.					

BHARATHIAR UNIVERSITY: : COIMBATORE 641 046 B.COM CA(Computer Applications)

(For the students admitted during the academic year 2020 – 21 onwards)

1.	SWAYAM			122			

* SWAYAM course will be implemented in the next year.

Value added courses: Minimum 2 and Maximum 5 for each Department for entire program-It is optional for affiliated colleges.

Job oriented certificate courses: Two courses(Each Department for entire program)- It is optional for affiliated colleges

\$ Includes 25% / 40% continuous internal assessment marks for theory and practical papersrespectively. @ No University Examinations. Only Continuous Internal Assessment(CIA)

No Continuous Internal Assessment (CIA).Only UniversityExaminations.

Swatch Bharat Summer Internship- extra 2 credits would be given. It is mandatory.

Lis	st of El	lective Papers (Colleges can choose any one of the paper as electives)
Elective – I	А	Income Tax Law & Practice
	В	Entrepreneurial Development
	С	Micro Finance
Elective – II	А	Business Finance
	В	Brand Management
	С	Supply Chain Management
Elective - III	А	Indirect Taxes
	В	Financial Markets
	С	Project Work

NOTE: The syllabus for the papers Advanced Accounting, Company Law, Business Finance and Indirect Taxes are revised and furnished below. The existing syllabus is to be followed for the remaining papers.

SCHEME OF EXAMINATIONS: CBCS Pattern

SEMESTER-I						
Course code	TITLE OF THE COURSE	L	Т	Р	С	
Core I	PRINCIPLES OF ACCOUNTANCY	4	-	-	4	
Pre-requisite	Basics knowledge on Accountancy	Syllah Versi		202	20	
Course Objectiv						
The main objecti	ves of this course are to:					
of fi 2. Incu 3. Mak 4. Gair 5. Give	ide a strong foundation in principles of accountancy concepts nancial statements and relevant accounting. lcate the knowledge of international financial reporting standa e the students aware of Bill of Exchange. In the knowledge about the preparation of final accounts. e an insight about the Account current statement and procedur age due date methods.	ards.				
Expected Cours	e Outcomes: ul completion of the course, student will be able to:					
	damental concepts of accounting and book keeping.			K1		
2 Solve the enterprise	2 Solve the errors in book keeping and identify the effect of BRS in an enterprise					
	s of exchange and its transaction including Accommodation b	ills		K2		
_	ledge about the preparation of final Accounts			K3		
5 Understand th Average due of	e Account current statement and procedure for calculation of late methods	1		K2

5. Prepare a Shareholders meeting letter for 10 members using mail merge operation.

6. Prepare Bio-Data by using Wizard/ Templates.

	SCAA DATED
II - MS EXCEL	20 hours
1. Prepare a mark list of your class (minimum of 5 subjects) and pe	rform the following
operations: Data Entry, Total, Average, Result and Ranking by using an	rithmetic and logical
functions and sorting.	
2. Prepare Final Accounts (Trading, Profit & Loss Account and Busin	less Sheet) by using
formula.	
3. Draw the different type of charts (Line, Pie, Bar) to illustrate year-wise	performance of sales,
purchase, profit of a company by using chart wizard.	
4. Prepare a statement of Bank customer"s account showing simple an	d compound interest
calculations for 10 different customers using mathematical and logical func	tions.
5. Prepare a Product Life Cycle which should contain the following	stages: Introduction,
Growth, Maturity, Saturation, Decline.	
III - MS POWERPOINT	20 hours
1. Design presentation slides for a product of your choice. The slides must	
name, type of product, characteristics, special features, price, special off	
possible to explain the features of the product. The presentation should wor	k in manual mode.
2. Design presentation slides for orgranization details for 5 levels of hierar	chy of a company by
using organization chart.	
3. Design slides for the headlines News of a popular TV Channel. The	Presentation Should
contain the following transactions: Top down, Bottom up, Zoom in an	nd Zoom out The
presentation should work in custom mode.	
4. Design presentation slides about an organization and perform frame mov	vement by interesting
clip arts to illustrate running of an image automatically.	
5. Design presentation slides for the Seminar/Lecture Presentation using a	inimation effects and
perform the following operations: Creation of different slides, changing ba	ckground color, font
color using wordart.

SEMESTER-III

Course	e code	TITLE OF 2	THE COURSE	L	Т	Р	C
Co	ore VIII	Computer Applicatio	ons: Oracle -Practical-II	-	-	-	4
Pre-	requisite	Basic knowle	ledge on Oracle Syllabus Version			2020	
	e Objectives						
Tł	ne main objec	ctives of the program are to					
2. 3. 4.	Give an insi business en Gain the kno Gain knowle	ght knowledge on storing a sterprises. wledge on creating database edge on application of oracle	blications of Oracle in different nd protecting the different type e using oracle. e statements to extract the partic nployees and salary databases	es of da	atabas ata ba	se of se.	
Evnoot	ad Course (Jutaamagi					
_	ed Course (completion of the course, stu	ident will be able to:				
1	Understand t	-	applications using Oracle for		K	2	
		reate different databases using access application for developing the usiness transactions					
3	Gain the kno	wledge on creating database using oracle.			K	2	
	Gain knowl particular dat	edge on application of oracle statements to extract the cabase.			K	3	
	Gain the kno using oracle.	wledge on developing emplo	oyees and salary databases		K	2	
K1 - F	Remember; H	X2 - Understand; K3 - Apply	<mark>; K4 - Analyze; K5 - Evaluate</mark>	; K6 –	Creat	e	
1. Cre	ate a table "O	Company" with the following	g fields and insert the values fo	r 10 en	nploy	ees.	
Field 1	Name	Field Type	Field size				
	any Name	Character	15				
Propri	-	Character	15				
Addre		Character	25				
	ier Name	Character	15				
No. of employees Number 4							
GP Pe		Number	6 with 2 decimal places				
			1				
Querie	<u>es</u> :						

- a) Display all the records of the company which are in the ascending order of GP percent.
- b) Display the name of the company whose supplier name is "Telco".

- c) Display the details of the company whose GP percent is greater than 20 and order by GP Percent.
- d) Display the detail of the company having the employee ranging from 300 to 1000.
- e) Display the name of the company whose supplier is same as the Tata's.

2. Create a table named "Employee" with the following fields and insert the values.

Field Name	Field Type	Field Size
Employee Name	Character	15
Employee Code	Number	6
Address	Character	25
Designation	Character	15
Grade	Character	1
Date of Join	Date	
Salary	Number	10 with 2 decimal places

Queries

a) Display the name of the employee whose salary is greater than Rs.10,000

b) Display the details of employees in ascending order according g to Employee Code.

c) Display the total salary of the employees whose grade is "A"

d) Display the details of the employee earning the highest salary.

e) Display the names of the employees who earn more than "Ravi"

3. Create a table "Product" with the following fields and insert the values:

Field Name	Field Type	Field Size
Student Name	Character	15
Gender	Character	6
Roll No	Character	10
Department Name	Character	15
Address	Character	25
Percentage	Number 4	with 2 decimal places

Queries:

- a) Calculate the average percentage of students.
- b) Display the names of the students whose percentage is greater than 80.
- c) Display the details of the student who got the highest percentage.
- d) Display the details of the students whose percentage is between 50 and 70.
- e) Display the details of the students whose percentage is greater than the percentage of the roll no=12CA01.

4. Create a table "Product" with the following fields and insert the values:

Field Name	Field Type	Field Size
Product No	Number	6
Product Name	Character	15
Unit of Measure	Character	15
Quantity	Number	6 with decimal places
Total Amount	Number	8 with decimal places

Queries:

a) Using update statements calculate the total amount and then select the record.

b) Select the records whose unit of measure is "Kg".

c) Select the records whose quantity is greater than 10 and less than or equal to 20.

d) Calculate the entire total amount by using sum operation.

e) Calculate the number of records whose unit price is greater than 50 with count operation.

5. Create the table PAYROLL with the following fields and insert the values:

	NA.	Field
Field Name	Field Type	Size
Employee No	Number	8
Employee Name	Character	8
Department	Character	10
Basic Pay	Number	8 with 2 decimal places
HRA	Number	6 with 2 decimal places
DA	Number	6 with 2 decimal places
PF	Number	6 with 2 decimal places
Net Pay	Number	8 with 2 decimal places

Queries:

- a) Update the records to calculate the net pay.
- b) Arrange the records of the employees in ascending order of their net pay.
- c) display the details of the employees whose department is "Sales".
- d) Select the details of employees whose $HRA \ge 1000$ and $DA \le 900$.
- e) Select the records in descending order.

6. Create a Table Publisher and Book with the following fields:

		Field
Field Name	Field Type	Size
Publisher Code	Var Char	5

		SCHILDHIED.
Publisher Name	Var Char	10
Publisher city	Var Char	12
Publisher State	Var Char	10
Title of book	Var Char	15
Book Code	Var Char	5
Book Price	Var Char	5

Queries:

- a) Insert the records into the table publisher and book.
- b) Describe the structure of the tables.
- c) Show the details of the book with the title "DBMS".
- d) Show the details of the book with price>300.
- e) Show the details of the book with publisher name "Kalyani".
- f) Select the book code, book title, publisher city is "Delhi".
- g) Select the book code, book title and sort by book price.
- h) Count the number of books of publisher starts with "Sultan chand".
- i) Find the name of the publisher starting with "S".

7. Create a table Deposit and loan with the following fields:

		Field
Field Name	Field Type	Size
Account	Var Char	6
Branch Name	Var Char	15
Customer Name	Var Char	20
Balance Amount	Var Char	10
Loan Number	Var Char	7
Loan Amount	Var Char	6

Queries:

- a) Insert the records into the table.
- b) Describe the structure of the table.
- c) Display the records of Deposit and Loan.
- d) Find the number of loans with amount between 10000 and 50000.
- e) List in the alphabetical order the names of all customers who have a loan at the Coimbatore branch.
- f) Find the average account balance at the Coimbatore branch.
- g) Update deposits to add interest at 5% to the balance.
- h) Arrange the records in descending order of the loan amount.
- i) Find the total amount of deposit in 'Erode' branch.
