## TEACHERS FEEDBACK ON CURRICULUM

### ANALYSIS REPORT (2021-2022)

#### 1. Introduction:

In general, the "Feedback" is one of the process in which part of the resultant value of a system is returned to its input in order to regulate its further out come. This kind of an evaluation play an important role and also keen part of education on order to analyses the strength as well as weaker section of existing mechanism.

The term 'feedback' is used to describe the helpful information or criticism about prior action or behavior from an individual, communicated to another individual (or a group) who can use that information to adjust and improve current and future actions and behaviors.

Giving feedback is an opportunity to get things out in the open so that issues can be resolved and they can find ways to work together better. Moreover, regular feedback can prevent conflict from happening in the first place. Small issues can be resolved before they have a chance to escalate into something bigger.

#### 2. Summary:

The "Nilgiri College of Arts and Science (NCAS)" follow this systematic procedure in order to build an excellent atmosphere in the teaching learning effective system. In this aspect usually we are collecting the data from Teachers, Students and Alumni, afterwards analyzing the feedback in order to enrich the Teaching- Learning process and other facilities in the college.

The general objective is taking the feedback regularly with the view of improving the
